

## Plant Doctor Live

Starting in 1978, Randall Prue has been a regular guest on CJAD 800 AM Radio (Montreal). In conversation with Dave Fisher, Joe Cannon, Ric Peterson, and others, millions have enjoyed the common sense of tending to things green! Other radio and TV appearances have helped you to understand what plants need in order to be happy and healthy.

In 2013, no live or broadcast events are planned but you are welcome to enjoy (right here) the results of a lifetime of growing your own food. Food gardening and recipes for preparing and enjoying your healthy and health-giving home-grown produce are the latest topics, in the works right now.
